

*Thank you for ordering
3 sets of sushi!*

1

Sets, when identified and marked, make a letter in 3x3 dot matrix font.

The number of bands on the chopsticks represent the sort order of the cards.

The game is played the same as the game of Set. Each card indicates how many sets can be made using the attributes of the sushi (Shape, Color, Number of Rings, Attribute (Striped, Sesame Seeds or Roe))
